Cloud-Native Workshop

Location - COS - Date: 10-23-2017, 8:30 AM - 3:30 PM MT

Join Pivotal for a workshop to introduce key concepts in modern cloud-native application development and delivery. This one-day workshop will cover general cloud native application trends and principles, an overview of Cloud Foundry and relevant Spring projects, and how you can get involved as we go on this cloud-native journey.

Learn production-ready techniques for developing and deploying cloud native applications using industry best practices with Pivotal Cloud Foundry. You will also get hands-on, with technical labs in this session.
